Re: Port St. Lucie Vacant Lot Auction

Dear Karlin:

I wanted to take a moment and thank you and your staff for the fantastic auction where the City sold 22 vacant surplus lots. Tim Hoza of your staff obviously put together a successful marketing plan with the huge turnout we had. Your professional staff made the whole process come together with no problems. From distributing information prior to the sale to cleaning up the site of any debris after the sale, Karlin Daniels & Associates had it covered. And the real test of success was the strong pricing we got for the lots we sold.

Again, thank you for a truly successful event. I look forward to working with your staff for the annual surplus equipment sale in September.

Sincerely,

David K. Pollard, CGFO
Director of Management & Budget
