Dear Karlin and Staff:

Congratulations on the Corporate Philanthropist Award! It was wonderful to see this recognition go to such a well-deserved group of people. You don't have to support the community. You choose to do so and that decision makes it worthwhile for so many non-profit organizations.

When I looked around the luncheon room last week, it was gratifying to see so many organizations that have benefitted from your advice and talent. While they may have had their own nominee, I know several people who were pleased to see your organization included in the process and come up a winner.
